

Based on the overwhelming demand for native plants this year and to help best serve our clients we ask the following...

- Inventory and prices are subject to change WITHOUT NOTICE based on availability.
- Invoices will be sent prior to pick up or delivery for your approval. Orders with 15+ species will not be invoiced until fully pulled.
- We will notify you if the requested plant material is small and/or lightly rooted.
- Any items canceled after being confirmed/pulled will result in a restock fee based on size of the order.
- NO WHOLESALE SALES OR PICKUPS ON SATURDAY
- All orders need to be finalized 4 days prior to pick up or delivery, NO CHANGES or requests within 4 days of your order. Please order 1-2 weeks in advance so we have time to offer suggestions and make changes.
- All orders need to be placed via email at gignatives@gmail.com or text 407-948-8980.
- Review your invoice once received and confirm in writing via email any discrepancies and that everything is correct once finalized, no returns.
- If shopping in person (Mon.-Fri.) please check in with the office to review your wishlist PRIOR to pulling plants as not everything you see is available at wholesale price.
- Please inventory all pre-pulled pickups prior to loading/signing off on the order.

Thank you for your patronage and commitment to planting native habitat!
Please call me directly if you have any questions.
