

Based on the overwhelming demand for native plants this year and to help best serve our clients we ask to review the following...

- Inventory and prices are subject to change WITHOUT NOTICE based on availability. Low stock = reserved for retail sales only.
- Invoices will be sent prior to pick up or delivery for your approval.
- We will notify you if the requested plant material is small/lightly rooted.
- Any items canceled after being confirmed/pulled will result in a min. 15% restock fee (fee based on size of the order).
- NO WHOLESALE SALES OR PICKUPS ON SATURDAY!
- All pickup orders to be finalized/submitted min. 48 hours in advance. The more notice, the better!!
- Please do not send drivers for pickup without office confirmation.
- All order requests/wishlists to be sent in via email to gignatives@gmail.com or text 407-948-8980.
- If shopping in person (Mon.-Fri.) please check in with the office to review your wishlist PRIOR to pulling plants as not everything you see is available at wholesale price. Larger quantities must be placed in advance and pulled by our nursery (not from retail).
- Please inventory all pre-pulled pickups prior to loading/signing off on the order. Once signed and loaded, no refunds can be processed.

Thank you for your patronage and commitment to planting native habitat!
Please call or email me directly if you have any questions.
